Generator Questionnaire

Company _____ Date _____
 Name _____ Phone _____ xt. _____
 Email _____

- 1.Brand preference No _____ Yes _____ Brand _____
- 2.Type of Fuel Gasoline _____ Diesel _____ LP _____ Natural gas _____
- 3.Intended Use Stand-by _____ Prime Power _____
- 4.Electrical Power Frequency 60hz. _____ 50hz. _____
- 5.Main line circuit breaker No _____ Yes _____
- 6.Power Transfer Switches No _____ Manual _____ Auto _____
- 7.Single phase AC Volts 120 _____ 127 _____ 139 _____ 240 _____ 254 _____ 277 _____
- 8.Three Phase AC Volts 208 _____ 220 _____ 240 _____ 416 _____ 440 _____ 480 _____
- 9.Required Power Output _____ KW or _____ KVA (see chart)
- 10.Enclosure Type None _____ Sheetmetal _____ **Sound Attenuated _____
 sound attenuated enclosure will have a 67db sound rating
- 11.Fuel Tank Capacity None _____ Connect to vehicle tank _____ 15 gallon _____ 50 gallon
 100 gallon _____ 24 hour _____ 48 hour _____ 72 hour _____ Other _____
- 12.Control Panel Standard Analog (4)Gage _____ Digital _____ Remote _____
- 13.Exhaust Type Standard _____ Spark arrestor _____ Critical (low sound) _____
- 14.Fuel Systems Standard _____ Fuel / Water separator _____ Flexible fuel lines _____
- 15.Cooling Systems Standard _____ Block Heater _____ Remote Radiator _____ Desert package _____
- 16.Battery Systems Standard _____ Deep cycle marine battery _____ 2.5amp Charger _____
- 17.Trailer Requirement No _____ Ball Hitch Trailer _____ Ocean Container _____
- 18.Unit Type Exerciser No _____ (7) day _____ Other _____

Standard equipment is considered to be Over/Under voltage protection, low oil, high temp.,
 Over crank , Over speed protection.
